If we don't have an activity you are interested in then don't hesitate to suggest it. There may be other members willing to work with you to make it happen.

In our Art Center

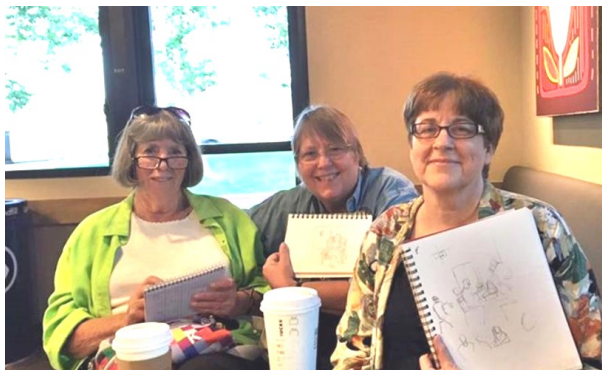

Our bright and well stocked Art Center was the brainchild of one of our members.

We have classes in drawing and watercolors taught by experienced members.

We may also have other classes; scarf painting, stained glass etc. If there is enough interest we try to make it happen! The Art Center at Jojoba Hills is on Facebook.

In our Pottery Studio

Whether you have done pottery in the past or want to learn something new this is the place for you. Our Pottery Studio contains three wheels and two Kilns.

You can work on your own or join a class.

In our Craft Room

Our craft room is the location of classes in gourds, woodcarving, Poly Clay and knitting plus it contains an industrial sewing machine.

Our Sewing Room

Our popular sewing room is often a buzz of activity with multiple sewing stations, a large cutting table and many kindred spirits.

Long Arm Quilting Machine

Quilting is a popular activity in Jojoba Hills and our quilting machine sees a lot of use.

Do you want to quilt but don't know how?
No problem, we are here to help.

Other Creative Opportunities

Members who love to view the world through a lens have opportunities to get together with like minded individuals for support, critique and instruction. Jojoba Hills has a group of photographers as well as a group of videographers. Our members who prefer to express themselves in writing regularly get together with other writers. And for the musically inclined there are Bluegrass and Acoustic jam sessions plus group singing.

And that's not all

For those wishing to expand their horizons by entertaining we have the Jojoba Players. We may also have classes in Improv to enable you to release your inner inhibitions and find a new passion.

Come see our beautiful park!

Welcome to our seasonal "home base"! We are a 55+ cooperative community located in Southern California's high desert. We love the mild winters and our views. Our 283 sites are large, about 50 feet by 70 feet in size, and include a concrete pad as well as a shed.

Come meet our members!

Our members are our greatest asset! We are friendly and generous with our time and talents. Our members happily embrace Jojoba's strong tradition of volunteerism and continually strive to maintain and improve our community. What is the secret of Jojoba Hills's success? We call it "*co-opportunity*"!
